Chinese Version of Dr. Jaw's Engine Control and Monitoring Book Published in China

The AIAA Education Series Book on Aircraft Engine Controls: Design, System Analysis, and Health Monitoring (August 2009), has been selected by China's Aviation Industry Press as the first one of a few AIAA books to be published in China in 2011. The Aviation Industry Corporation of China (AVIC) has led the efforts in translating this book from English to Chinese.

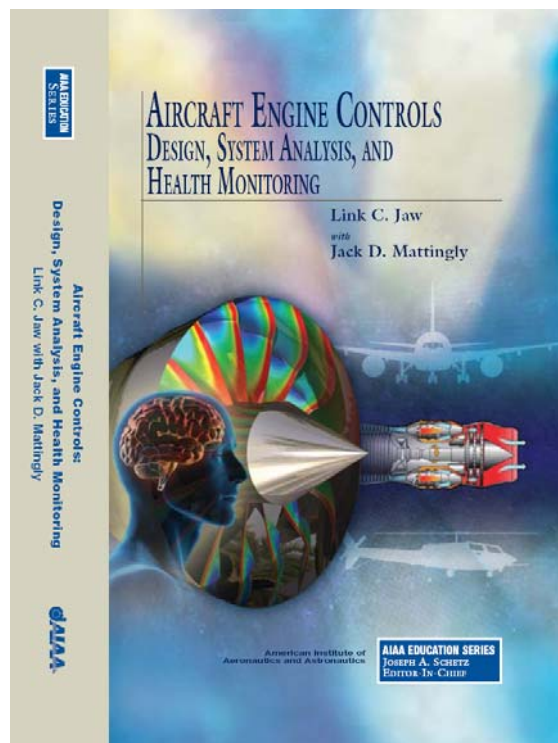

AIAA 航空航天技术丛书

飞机发动机控制

——设计、系统分析和健康监视

(美) 赵连春 (Link C. Jaw) 杰克·马丁利 (Jack D. Mattingly) 著
张新国 等 译
